

Transfer funds between your Sarsfield Credit Union Accounts (eg from Shares to Loan)

Log in and Launch Online Banking.

Choose Inter Account Transfers from the list of options on the left.

Note you can only transfer funds between your own personal credit union accounts in this way. If you want to transfer funds to another Sarsfield Credit Union account (eg spouse / sibling / child account) you will need to get the relevant IBAN and set this account up as an External Payee.

If you have a loan account which has not been paid to up to date or if your shares are held as collateral for your loan you may not be able to transfer funds online.
